

THIS IS HOW FINGERS ARE NUMBERED FOR PLAYING THE PIANO

Show the number of each finger

FINGERS SHOULD BE CURVED AS IF YOU ARE HOLDING A LITTLE BALL

THIS IS HOW YOU SHOULD BE SEATED

KEEP YOUR BACK STRAIGHT

SIT AT THE MIDDLE OF YOUR PIANO

YOU HAVE TO SIT ON A HARD CHAIR

ELBOWS SHOULD BE AT THE SAME HEIGHT AS THE KEYS

IF YOUR FEET DON'T REACH THE FLOOR, USE A FOOT-REST

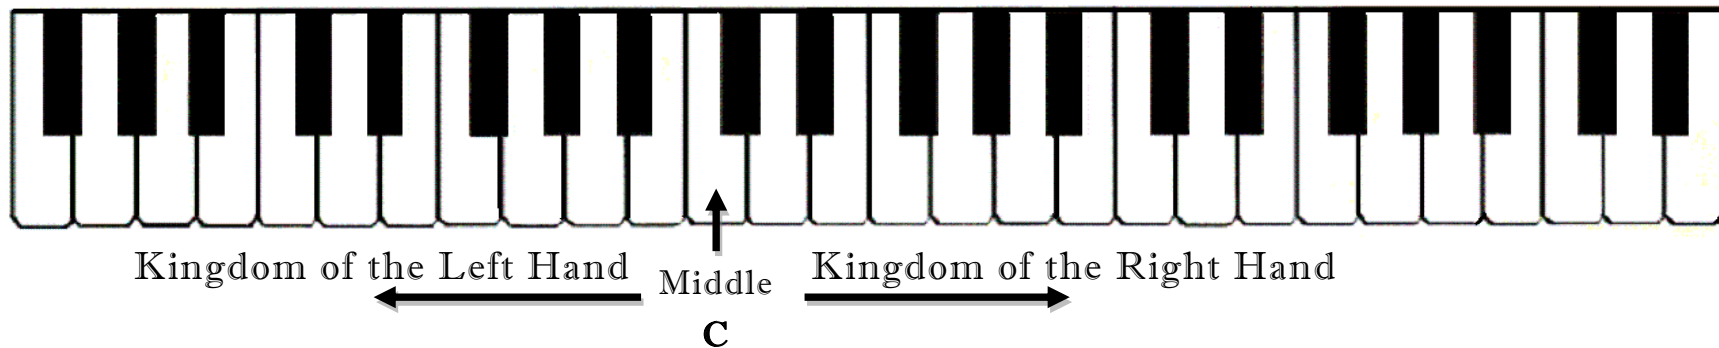

Look at the piano. The white keys go one after another.
The black keys are grouped in twos and threes.
(TWINS AND TRIPLES)

*Find all of the twins
on your instrument*

THE NOTE C IS TO THE LEFT OF EVERY TWIN

The note C that should be in front of you is called MIDDLE C.
This note is very important not only because you sit in front of it, but also because this note divides your piano into two “kingdoms”. The kingdom of the right hand and the kingdom of the left hand.

Find and play all the C's using right and left hands. Then color them on the picture above.

THE NOTE E IS TO THE RIGHT OF EVERY TWIN

Find and play all the E's using right and left hands. Then color them

Play and sing a piece below.

3	1	3	1	3	3	1
E	C	E	C	E	E	C
DE	AR	MOM	MY	I	LOVE	YOU

The fingers are written above the notes and words are written beneath. You can use any words for singing this song. For example Dear Granny I Love you, or Dear Sister I Love You.....
